Pharmaceutical Organic Chemistry - S.K. Bhasin, Reena Gupta

Pharmaceutical Organic Chemistry has been written keeping in mind the severe need for a comprehensive text to meet the curriculum needs of the undergraduate pharmacy students. It not only provides all the curriculum topics to the students but also contains all the vital reactions/mechanisms that the students look for in an organic chemistry book.

1. Entire subject matter has been written in a systematic and lucid style in simple language.
2. All the basic concepts and fundamentals of organic chemistry have been explained with well-chosen examples.
3. For better understanding of the subject matter, important points have been highlighted in the form of the textboxes titled as **Remember**, **Learning Plus** and **Noteworthy Points**, wherever required.
4. Summary of the topics in the form of **Memory Focus** has been given at relevant places to help the students to revise the subject matter quickly.
5. Stepwise mechanism of the reactions as per the syllabus has been illustrated, laying emphasis on the reactive intermediates involved.
6. At the end of each chapter, **Revision Questions** including descriptive questions and short answer questions have been given for the students to practice.

Multiple Choice Questions with answers have been included at the end of each chapter.

From reader reviews:

Robert Rochester:

Reading a guide can be one of a lot of activity that everyone in the world adores. Do you like reading book and so. There are a lot of reasons why people like it. First reading a publication will give you a lot of new data. When you read a guide you will get new information since book is one of several ways to share the information or perhaps their idea. Second, reading through a book will make anyone more imaginative. When you reading through a book especially hype book the author will bring you to imagine the story how the figures do it anything. Third, you can share your knowledge to other folks. When you read this Pharmaceutical Organic Chemistry -, you are able to tells your family, friends as well as soon about yours book. Your knowledge can inspire average, make them reading a reserve.

Manuel Rose:

Spent a free the perfect time to be fun activity to try and do! A lot of people spent their sparetime with their family, or their friends. Usually they accomplishing activity like watching television, going to beach, or picnic inside park. They actually doing same every week. Do you feel it? Will you something different to fill your own free time/ holiday? Can be reading a book can be option to fill your cost-free time/ holiday. The first thing that you will ask may be what kinds of reserve that you should read. If you want to consider look for book, may be the reserve untitled Pharmaceutical Organic Chemistry - can be excellent book to read. May be it could be best activity to you.

Steven Murray:

People live in this new moment of lifestyle always make an effort to and must have the spare time or they will get great deal of stress from both lifestyle and work. So , once we ask do people have free time, we will say absolutely without a doubt. People is human not really a robot. Then we inquire again, what kind of activity are you experiencing when the spare time coming to you of course your answer may unlimited right. Then do you ever try this one, reading publications. It can be your alternative throughout spending your spare time, the actual book you have read will be Pharmaceutical Organic Chemistry -.

Sheila Messina:

In this period globalization it is important to someone to obtain information. The information will make professionals understand the condition of the world. The healthiness of the world makes the information quicker to share. You can find a lot of referrals to get information example: internet, newspaper, book, and soon. You will observe that now, a lot of publisher that will print many kinds of book. The actual book that recommended for your requirements is Pharmaceutical Organic Chemistry - this reserve consist a lot of the information on the condition of this world now. This book was represented just how can the world has grown up. The dialect styles that writer require to explain it is easy to understand. Typically the writer made some analysis when he makes this book. Honestly, that is why this book ideal all of you.
